

JAKKE  
SIDE 1/25

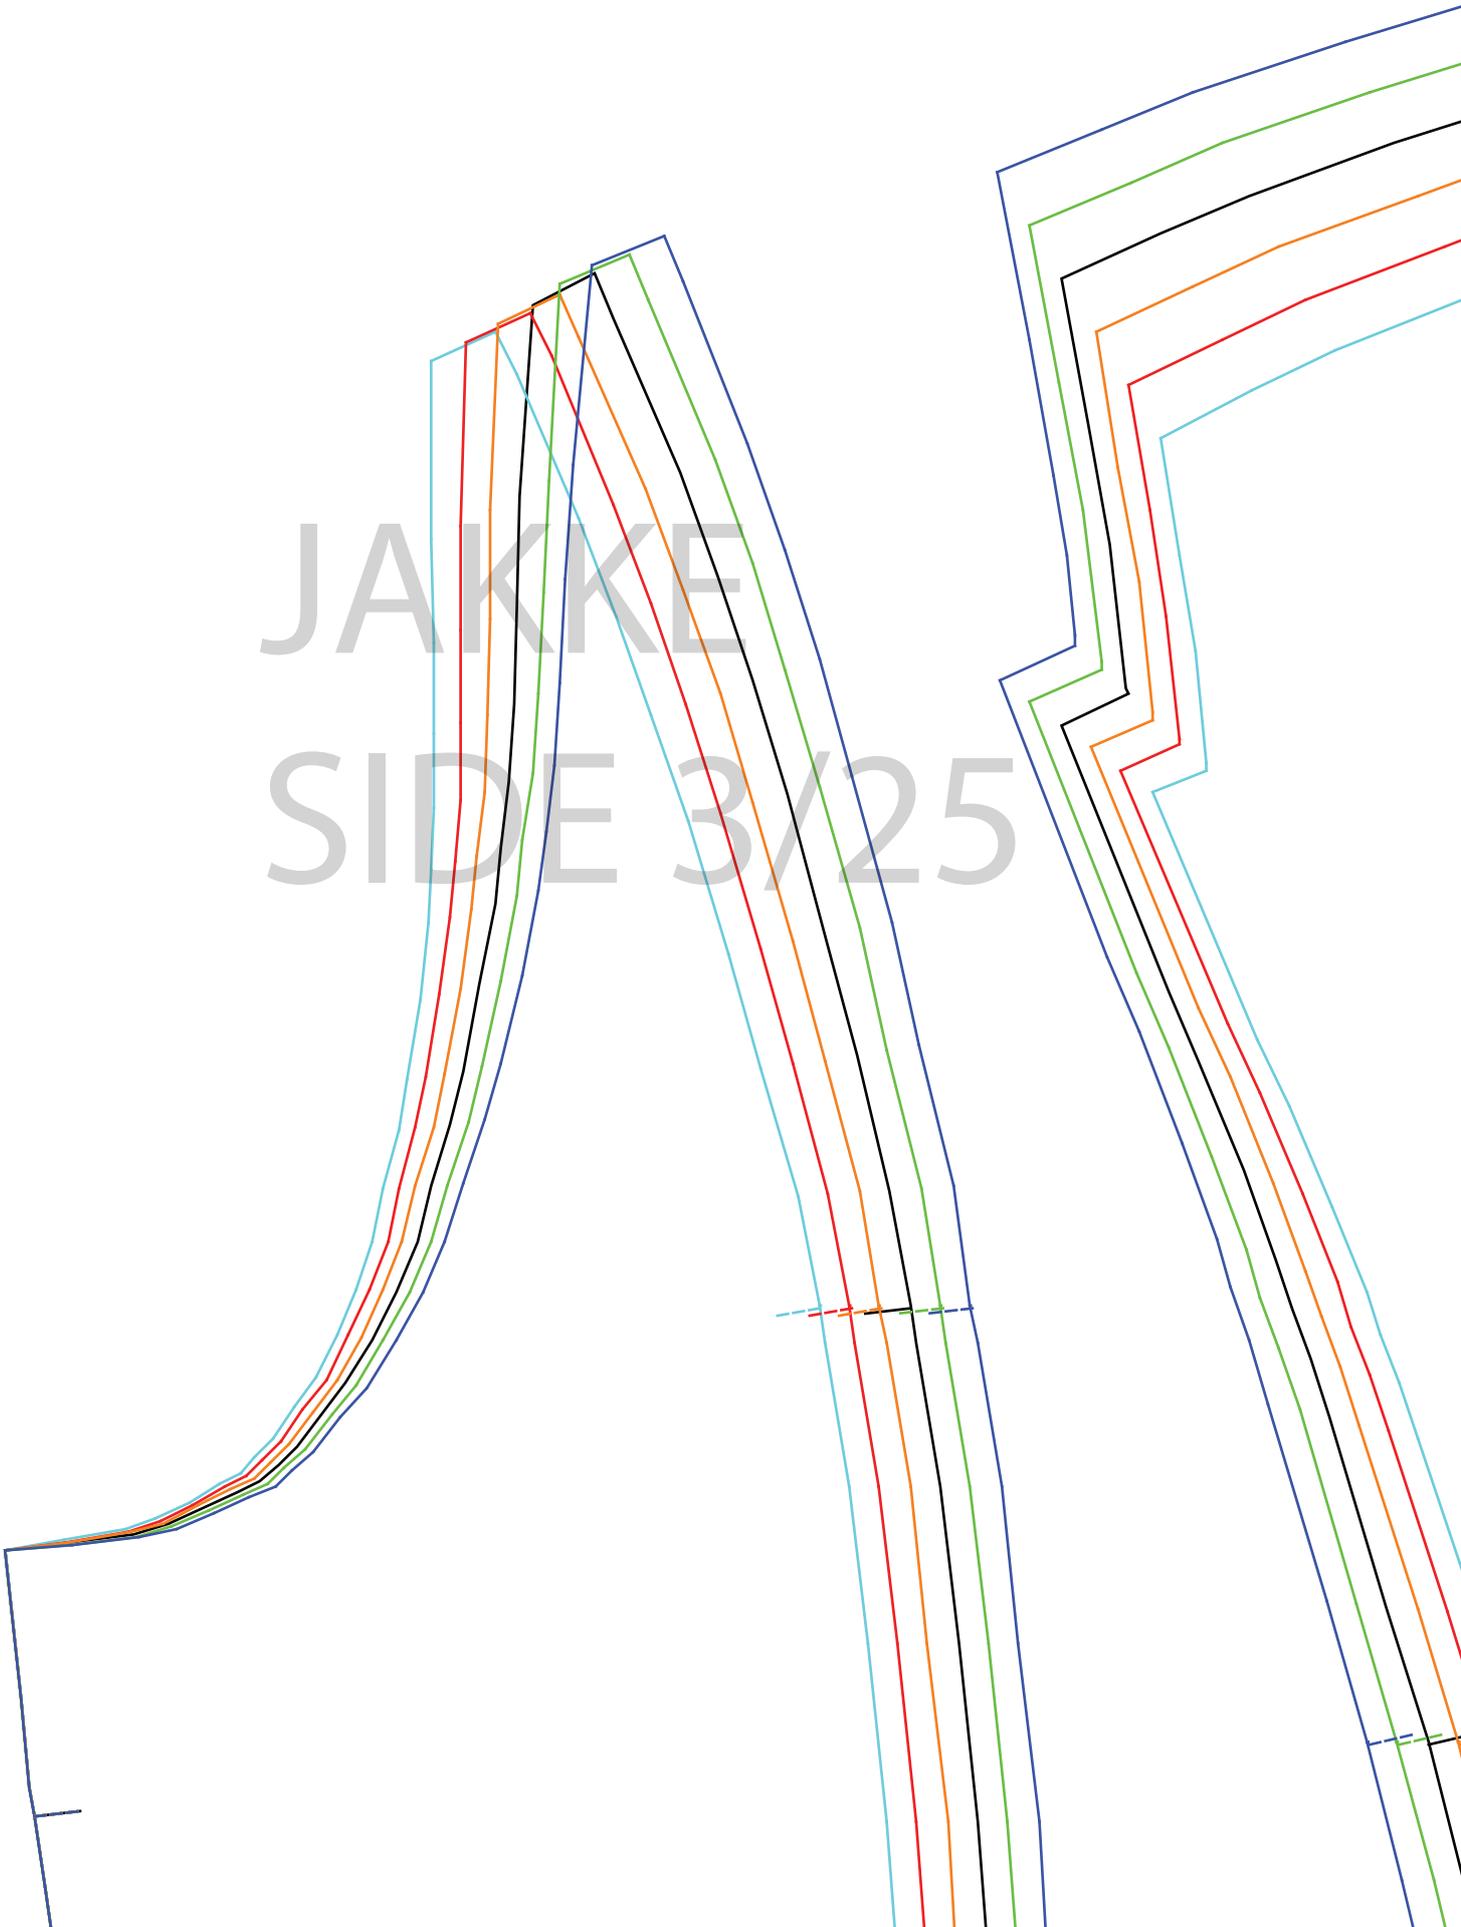

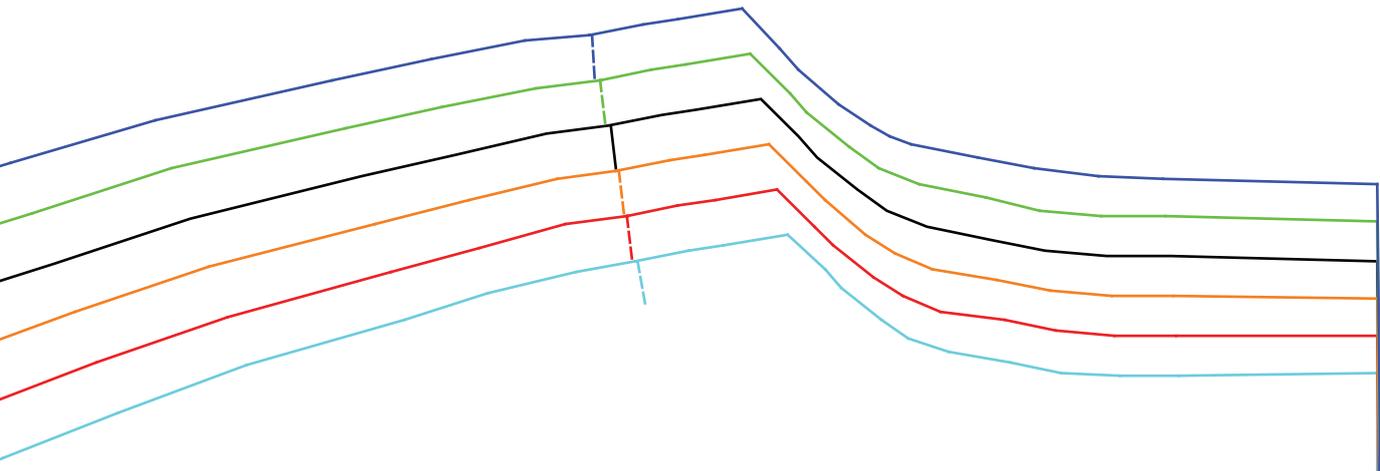

The image shows a technical drawing of a jacket pattern, likely a side view, rendered with multiple colored outlines (blue, green, black, orange, red, cyan) to represent different layers or pieces of the garment. The pattern is positioned on the left side of the page. The text 'JAKKE' is centered horizontally and partially overlaps the pattern's upper edge.

JAKKE  
SIDE 11/25

The image shows a technical drawing of a jacket side view. The drawing is composed of several lines in different colors: blue, red, orange, black, green, and cyan. A legend in the top right corner shows a horizontal line with six tick marks, each corresponding to one of the colors used in the drawing. The drawing includes a curved line on the left side, a vertical line, and a series of lines on the right side that represent the jacket's structure. The text 'JAKKE' and 'SIDE 11/25' is centered in the drawing area.

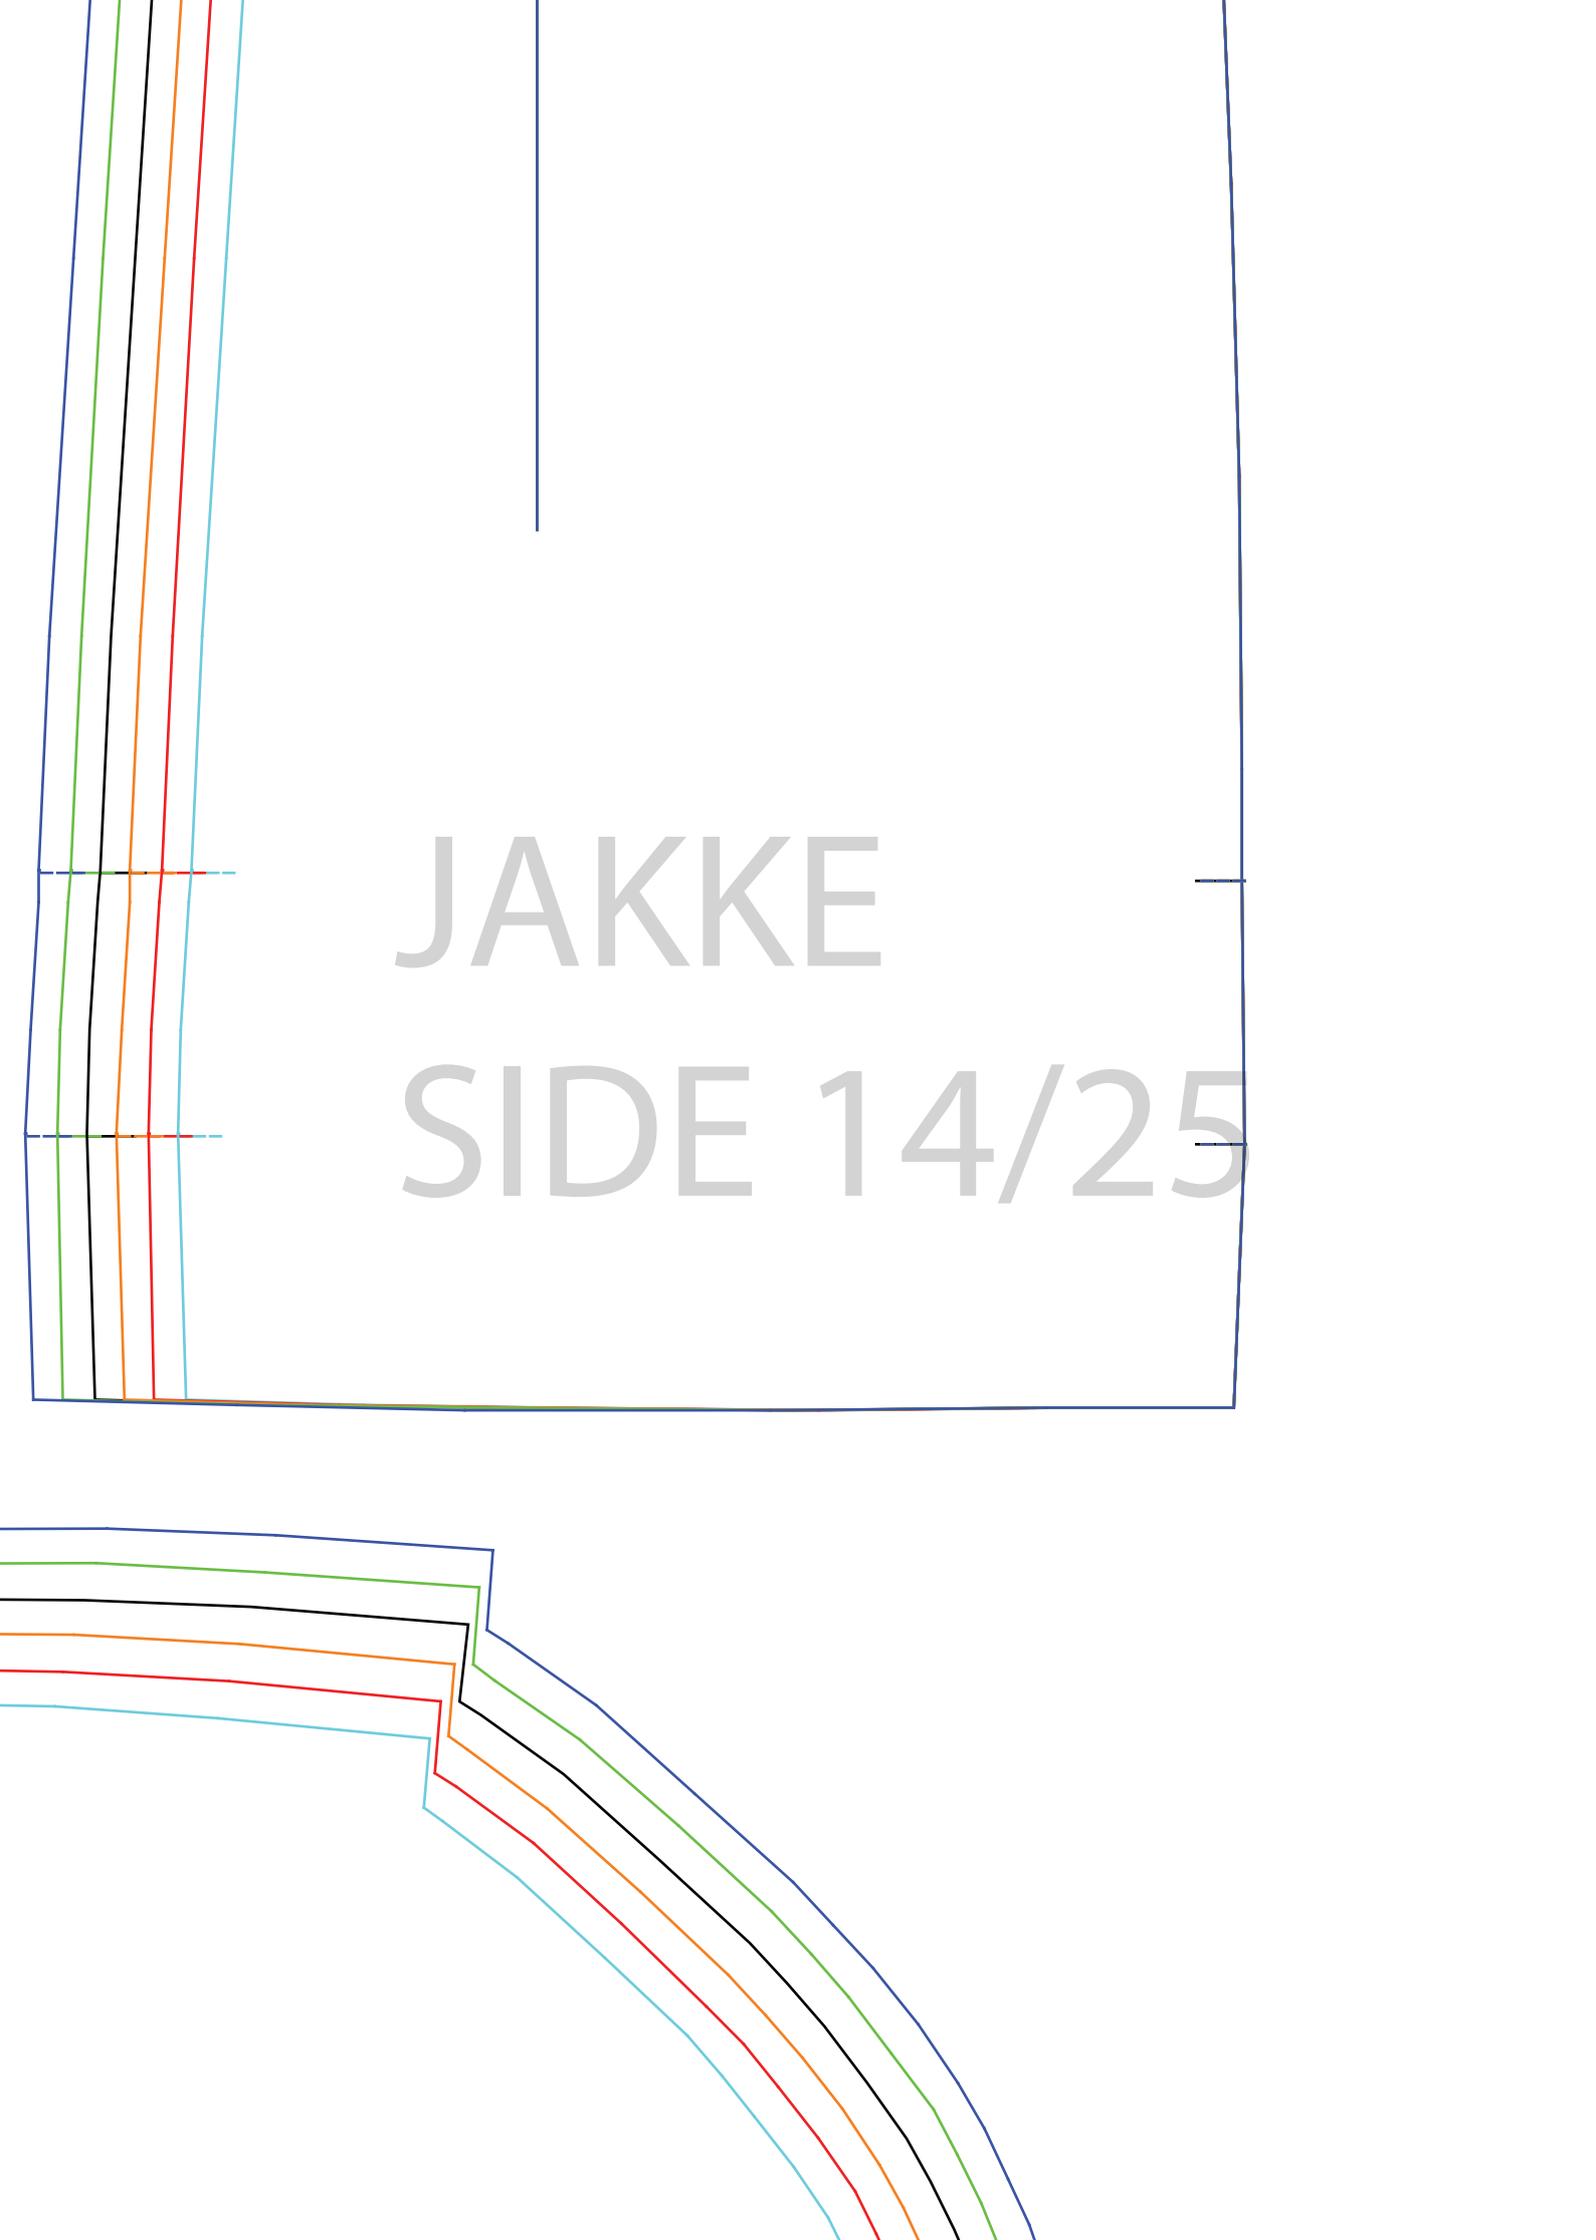

JAKKE

The image shows a technical drawing of a jacket side view. The top portion is a partial view of the jacket's upper body, showing a curved neckline and a waistline. The drawing is composed of several colored lines: blue for the outer contour, black for the inner contour, and red, orange, and green for internal construction lines. Two horizontal dashed lines indicate specific height levels. Below this, the text 'JAKKE' is written in a large, grey, sans-serif font.

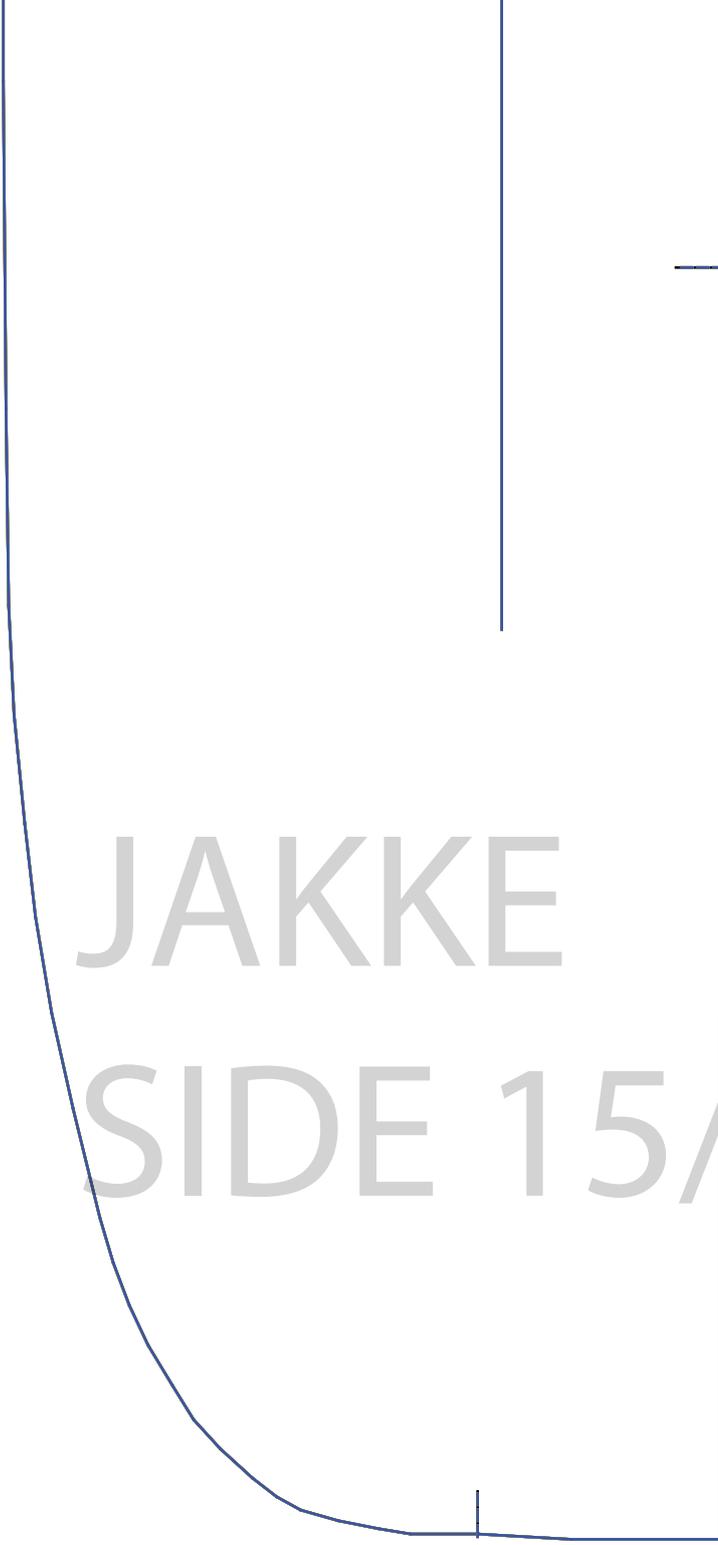

SIDE 13/25

The bottom portion of the image shows a series of five curved lines, colored blue, green, black, orange, and red from top to bottom. These lines represent the side profile of the jacket's lower body, showing a slight curve and a hemline. A vertical dashed line is positioned on the right side, indicating a specific width or seam placement. Below this, the text 'SIDE 13/25' is written in a large, grey, sans-serif font.
